# **Medicinal Marihuana Testing**

PC is pleased to offer analytical services to licensed producers of medicinal marihuana under the new *Access to Cannabis for Medical Purposes Regulations (ACMPR)*. The ACMPR sets out quality requirements for the production and sale of dried marihuana and oils in Canada, and also applies to dried marihuana and oils for the import/export market.

RPC is licensed by Health Canada to perform analysis of cannabis and oils for levels of delta-9 tetrahydrocannabinol, tetrahydrocannabinolic acid, cannabidiol, cannabidiolic acid, cannabigerol, cannabigerolic acid, cannabinol and cannabichromene.

#### Routine cannabis testing services include:

- Cannabinoids (THC, THCA, CBD, CBDA, CBG, CBGA, CBC, CBN)
- Aflatoxins
- Heavy Metals
- Moulds
- Bacteria
- Pesticides
- Terpenes
- Foreign Material
- Moisture Content
- Residual Solvents (oil product)

#### Reporting

Analytical results are reported in a format which is easily understood, and include regulatory guidelines where applicable. Senior technical staff are always available for further explanation, interpretation or guidance when needed.

### **About RPC**

RPC is New Brunswick's provincial research organization (PRO), a research and technology organization (RTO) located in Fredericton and Moncton, NB. RPC's complement of 98 scientists, engineers and technologists are supported by a 13,000 sq. meter facility housing world-class analytical chemistry and material-testing laboratories, comprehensive life science capabilities, an internationally recognized fish health lab, extensive product development, design, manufacturing and testing services, and a wide variety of pilot facilities for the development and improvement of industrial and environmental processes and products.

RPC holds over 100 accreditations and certifications including a diverse ISO 17025 scope from the Standards Council of Canada (SCC) and is ISO 9001:2008 certified. Further information about RPC's services is available from <a href="https://www.rpc.ca">www.rpc.ca</a>.

## Contact

RPC professionals are available to discuss your needs without cost or further obligation. For more information e-mail info@rpc.ca or call 506.452.1270.
