

FOR IMMEDIATE RELEASE

Highlights of 2014-2015

October 16, 2015, Fredericton, NB - The 2014-2015 year saw New Brunswick's Provincial Research Organization (PRO) achieve a number of milestones. Sales revenue for the year surpassed \$10 million while RPC served 1000 clients. RPC is growing both its capabilities and its capacity and invested \$1 million in capital improvements during 2014-2015. RPC continues to be a key business resource for market-driven research and technical services with 80% of revenue sourced from industry.

"We are very pleased with our performance", remarked Eric Cook, Executive Director and CEO. "Most impressive is that 100% of clients surveyed would use our services again. This is a testament to the fantastic service our employees provide."

RPC has a staff of 94 highly qualified personnel working from its main facilities in Fredericton and a lab in Moncton. New Brunswick created its PRO in 1962 making 2014-2015 its 53rd year of operation. Highlights of the year are depicted in the attached infographic.

About RPC

RPC is New Brunswick's provincial research organization (PRO), an independent contract research and development and technical services organization located in Fredericton and Moncton, NB. RPC's complement of 94 scientists, engineers and technologists are supported by a 13,000 sq. meter facility housing world-class analytical chemistry and material-testing laboratories, comprehensive life science capabilities, an internationally recognized fish health lab, extensive prototype design, manufacturing and testing services, and a wide variety of pilot facilities for the development and improvement of industrial and environmental processes and products. RPC is accredited by various organizations including the Standards Council of Canada (SCC) and is ISO 9001:2008 certified. Further information about RPC's services is available from www.rpc.ca.
